**Re: Baytown Deserves a Rapid Solution to the San Jacinto River Waste Pits**

Dear Mr. Miller,

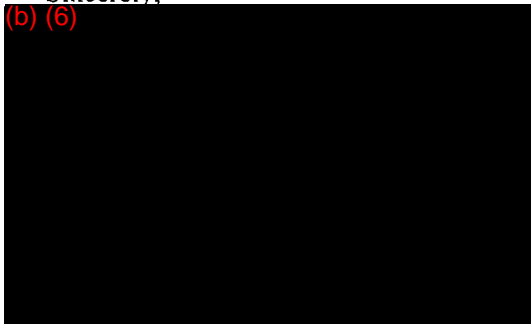

I am a resident of Baytown and live downstream from the San Jacinto River Waste Pits.

The time is now for a decision by the EPA for remediation and to hold the responsible corporations responsible for polluting the water. I recognize the Army Corps of Engineers recommendation that the quickest and safest option for the EPA to choose is a permanent cap for the waste pits.

Please consider our health and livelihoods in Baytown and all of East Harris County and place a permanent cap on the waste pits now!

Sincerely,

(b) (6)
